[V3S VHDL, Verilog, SystemVerilog For VS V2.0.2](#)

The screenshot displays the Visual Studio IDE interface. The top menu bar includes File, Edit, View, Project, Build, Debug, Test, Analyze, Tools, Extensions, Window, and Help. The main workspace is split into two panes. The left pane shows a code editor with HTML and JavaScript code. The right pane shows a preview of the Microsoft website for Visual Studio Technologies, specifically the ".NET development (web & desktop)" page. The page features the Microsoft logo, a search bar, and a "Sign in" button. The main heading is "Visual Studio Technologies Develop .NET applications". Below this, there are two tabs: ".NET" and "Default download". The ".NET" tab is selected, showing a card for ".NET development (web & desktop)" with a 4 GB size and 260K+ monthly installs. A secondary card for "ASP.NET & web development" is also visible. A purple button at the bottom of the card says "Visual Studio with .NET". The status bar at the bottom of the IDE shows "Ready", "Ln 1", "Col 1", "Ch 1", "INS", and "Add to Source Control".
